CAR & TRUCK CLEANING

Limited

The Professional Valeters Choice!
All products are specially formulated for commercial use, gained from 25 years experience of meeting car and truck valeting business needs.

The following is a sample selection of our professional products in this range, a more detailed description can be found by clicking on the product.

Valet Training Available!

ARTIC/POLAR Foaming System

Our range of foaming traffic film removers used through the system comes out as thick as shaving foam, but also has the power to clean meticulously without damaging paint work. (More...)

ARTIC FOAM

An exceptionally high foaming, alkaline detergent for use with a foaming lance. Specially designed for use through a hot or cold pressure washer for cleaning cars & vans. For cleaning trucks Polar Foam is recommended. (More...)

SUPREME CAR POLISH

A superior polish containing a balanced blend of waxes for both new and used cars. It is an easy to use detergent resistant product with lasting qualities and a high shine. (More...)

BITUEMEN TAR & GLUE REMOVER

For effective removal of tar, glue and bituemen on all painted surfaces. Spay on and leave for a few minutes to allow for penetration, then wipe with soft cloth or blast of with hot power washer. (More...)

COCONUT SHEEN/TYRE DRESSING

Made using coconut oil and blends of solvents and silicones. Amazing long lasting shine for rubber surfaces including tyres, mud flaps etc. Due to the silicone content of this product it is not suitable for use on rubber mats. (More...)

ORANGE ODOUR FOGGER

Not a gimmick or cover up, but a true odour oxidizing agent. Use it to combat smoke and fire odours, mustiness, decayed matter or any annoying odour regardless of its source. (More...)

TANGERINE TRIMSHEEN

For renovating car dashboards, vinyl and plastic trim, will give an instant gloss enhancement. Can also be used on wood and metal surfaces. Unique air conditioning properties absorb stale odours. (More...)

ENGINE AND PLASTIC TREATMENT

A multi purpose, conditioning and revitalising treatment for engine compartments (metal, paint work, and rubber) and for exterior rubber trim. (More...)

BUMPER AND PLASTIC TRIM GEL

A unique blend of solvents, waxes and oils for restoring plastic trim, bumpers and vinyl roofs etc. Contains no silicone. (More...)
